

ZVI-807ST

Low temperature electric mortise lock

Overview

Electric mortise lock is an electronically controlled lock that drives the extension or retraction of the "bolt" through current to achieve the function of locking or opening the door. The electric mortise lock uses a microprocessor chip control circuit, which reduces the power consumption of the electric mortise lock, has a real ultra-low temperature function, and has undergone 500,000 aging tests to prevent mechanical failures, making the electric mortise lock more stable, environmentally friendly and durable; The lock is mainly designed for glass doors, wooden doors and metal doors. It is a high-quality electric lock that can control two-way swing doors and sliding doors. It is the best choice for automatic management of access control. Our products have been exported to 60 countries or regions around the world, and are widely used in airports, subways, banks, prisons, smart buildings, smart communities and other important places to provide users around the world with convenient, fast and intelligent access management locks , has been widely praised and favored by users.

Product Model

Model	Description
ZVI-807ST	long panel/ Lock size: 200*24.5*39mm Short Board Size: 90*25*2mm/Power off and open the door

Features

- 1、 Photoelectric control technology to prevent mechanical failure;
- 2、 Ultra-low temperature design, safer and more durable;
- 3、 Ultra-low power design, more durable and environmentally friendly;
- 4、 500,000 times power-on aging test;
- 5、 Built-in reverse current protection circuit, prevention device (MOV);
- 6、 Microprocessor chip control circuit;
- 7、 High-strength aluminum alloy lock body, stainless steel lock tongue;
- 8、 Certificate by CE/FCC/RoHS/MA certification.

Product Parameters

Item	Description
lock body size	200*28*39mm
Short board size	90*25*2mm
Operating Voltage	DC12V±10%
Operating current	110mA
Signal output	None
delayed door opening	0/3/6/9s
security type	Power off latch (customized)
Applicable door type	Wooden door\glass door\metal door/fireproof door, etc.
Quality Certification	CE/FCC/ ROHS
Optional bracket	ZVI-80L/80U
